# WHAT IS MaX UC FOR MOBILE?

1

MaX UC was formerly named Accession Communicator. You may see Accession referenced in certain areas of the application. The functionality is the same.

MaX UC is a softphone for your iOS/Android device that enables you to:

- + Make and receive audio and video calls. (Video Calling is currently disabled while a bug fix is being worked on).
- + Send and receive chat messages
- + View presence information for your contacts
- + Manage your contacts, including integrating with Microsoft Outlook using the Subscriber CommPortal UI.
- + Access your voicemails with a single click
- + Schedule and create meetings (only available with a Premium Subscriber License)

## DOWNLOAD MaX UC FOR MOBILE GETTING STARTED

### To Download MaX UC to your mobile device or Tablet:

- + Use the Play Store Store on your device and search for "MaX UC".
- + Select "Install".
- + When installation is complete, open the App. When prompted to allow MaX UC to make changes, select "allow".
- + Select "Log in Manually".
- + To choose your carrier, search for "Northland Communications - Business Unlimited".
- + When prompted, accept the MaX UC terms of use.
- + Enter your subscriber telephone number. Example: 3156242238.
- + Enter the EAS Password provided by your System Administrator.
- + Select to view the brief tutorial or Skip to continue to the app.

### MaX UC for Mobile works on these mobile devices:

- + Android phones and tablets from 6 (Kitkat) onwards.
- + iOS versions from 11 onwards.

## PASSWORD RESET
